Seal Beach, CA 90740

Attn: Bill Vermeulen

Dear Bill:

A belated thank you for the work that you and your crew performed during our remodel earlier this year. Our thirty-five year old home's backyard was in serious need of updating. Your portion of landscape, irrigation and lighting integrated seamlessly with the concurrent work performed by our other contractor for the pool remodel and extensive installation of new hardscape.

I am grateful for your planning, ideas, and attention to detail throughout the project. Your hands-on approach was crucial to accomplishing the task in coordination with the other trades working at the same time. I especially appreciate your availability for early morning and early evening meetings on short notice to accommodate my schedule so that we could discuss the project details. The result of your labor shows in the finished installation.

I have recommended your services to several neighbors in the past few months and look forward to working with you as the prime contractor for the second phase of our remodel including hardscape, irrigation, landscape and lighting of our front yard and courtyard areas. You are more than welcome to list us as a reference and we would accommodate requests for your potential clients to view the end result of your work at our home.

Best Regards,

Reid Neslage
